
UNHOLY REBELLION

- The majority of the Redeemed were *wrong*.
- Their motivation was not trust in God, but fear of the enemy.
- They were incapable of perceiving the “Commander” behind the commandment.
- God did not say, “Be moral because I am moral”, He said, “Be holy...”
- The rebels cause deep grief among the obedient (14:6)...
- ...But the obedient inspire hatred among the rebellious. (14:10)
- The rebels thought the Land was too difficult though they had enjoyed its fruit
- *Not* entering the Land is its own punishment. (14:22-23)
- The future generation *will* return to the Land.
- People spread false reports about the Land at the cost of their lives.
