

Genesis 3:17-19

And to the man he said,

“Since you listened to your wife and ate from the tree whose fruit I commanded you not to eat,
the ground is cursed because of you.

All your life you will struggle to scratch a living from it.

It will grow thorns and thistles for you, Though you will eat from it's grains.

By the sweat of your brow will you have food to eat

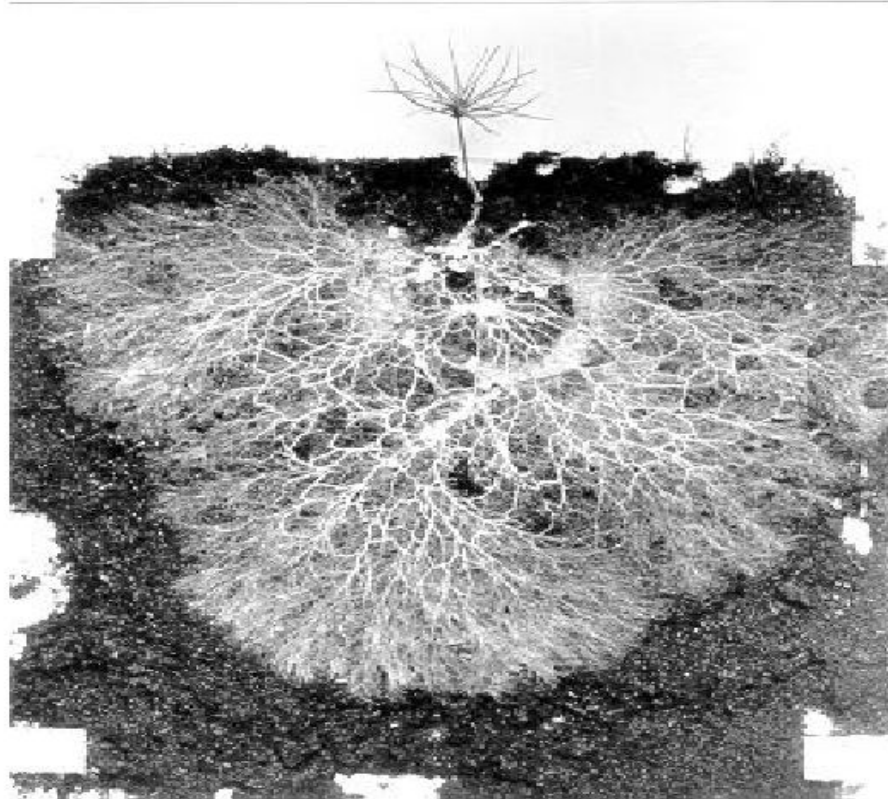

until you return to the ground from which you were made.

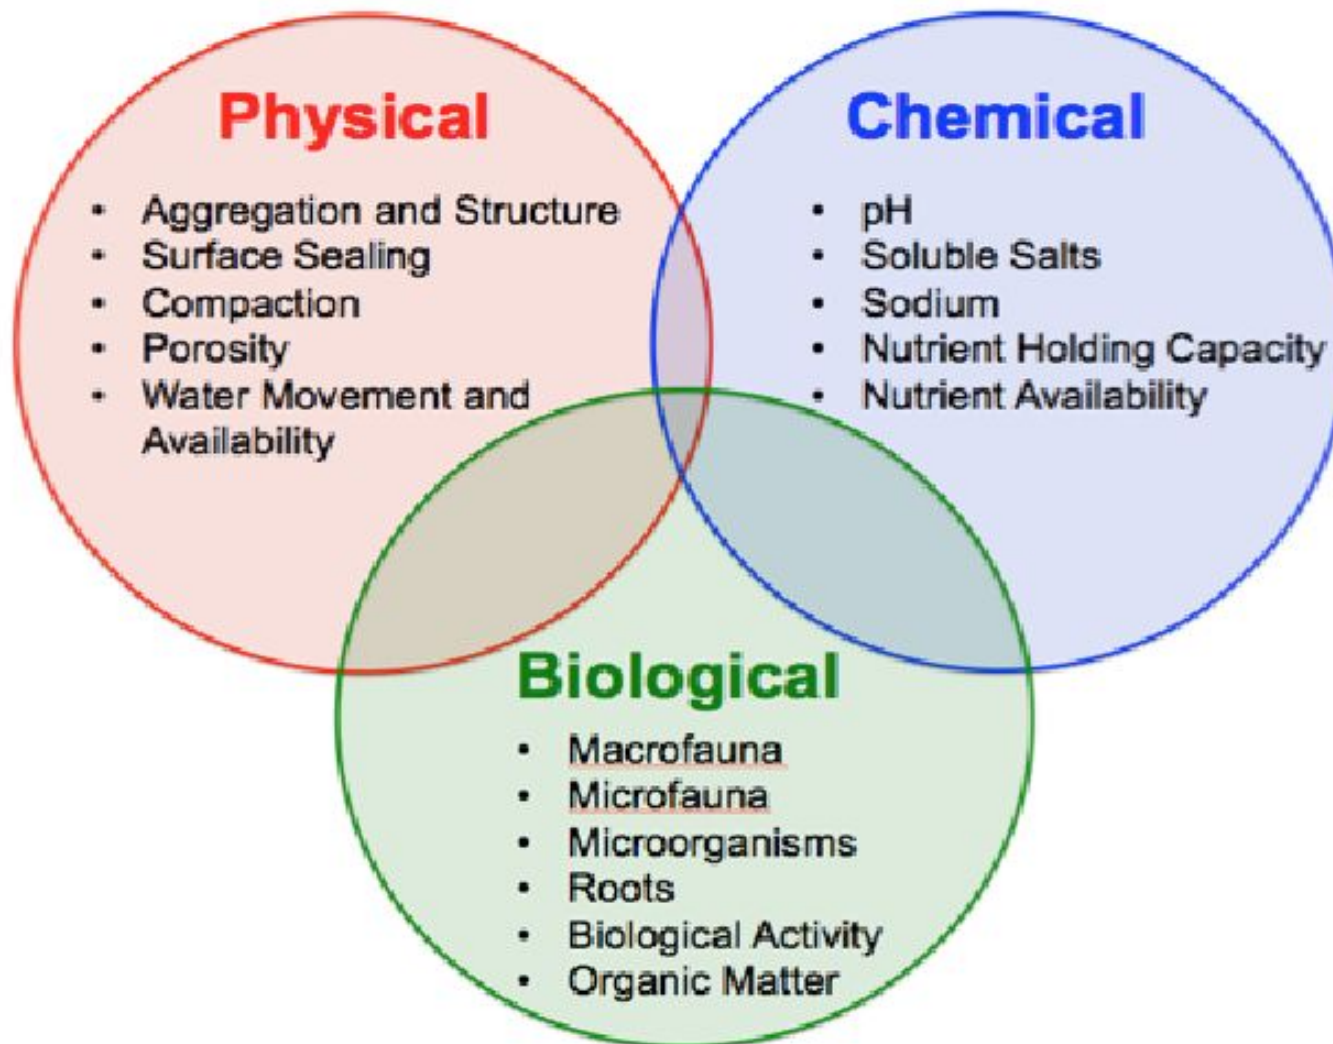

For you were made from the dust, and to dust you will return.”

“Though much has become out-of-balance in the life of the plants of the earth, all can be restored through careful attention to the needs of living things as if they were partners in the experience of life, rather than objects.

This shift in perception can do more than anything else to help the earth’s natural healing power restore the life of the plants, even in places where that life has become stripped or barren. It is the human consciousness that carries the power of healing within itself, to create a prosperous Earth in which all of life can find a hospitable home, and In which all of life is treated with reverence as part of the One from which it originates.”

Julie of Light Omega - THE SPIRITUAL NATURE OF PLANTS

Though much has become out-of-balance in the spiritual life of the assemblies, all can be restored through careful attention to the needs of God's Kingdom as if it is a partner in the experience of life, rather than a place after death.

This shift in perception can do more than anything else to help the assemblies healing power restore the spirituality of the faithful, even in places where that life has become stripped or barren. It is the human spirit that carries the power of healing within itself, to create a Kahal in which all of the faithful can find a spiritual home, and In which all of the faithful are treated with reverence as part of the One from which it originates.

- Physically we have surrendered much of our nutritional needs to large corporations
- Spiritually we have surrendered much of our spiritual growth to the corporate church

- Physically we have surrendered much of our health issues to large pharmaceuticals
- Spiritually we have surrendered much of our spiritual healing to self-help books, social media, the entertainment industry, comfort foods and whatever else works to numb our spiritual restlessness

Ecclesiastes 11:4 (TLB)

If you wait for perfect conditions, you will never get anything done. God's ways are as mysterious as the pathway of the wind and as the manner in which a human spirit is infused into the little body of a baby while it is yet in it' mother's womb.

Keep on sowing your seed, for you never know which will grow...perhaps it all will.
